Sutton	1	1	1	9	12

Each Library has been ranked in order (1 - 9) on a range of indicators. Some indicators have been ranked from lowest to highest, others from highest to lowest. A high rank indicates there is a lower level of viability for a Library on a particular indicator. All ranks have been combined into a total to give an overall indicator of the level of viability for each Library

Table 6 - Library Community Profiles: Key Indicator Summary

Library	Catchment Population	Catchment population of children aged 0-19 years	Number of LSOAs in the lowest 30% most deprived areas in the country, per Catchment	Catchment population claiming out of work benefits	Estimated average household income	% Catchment population 'Hard Pressed' (OAC)	% Catchment population with level 4 qualifications and above	% Catchment population of adults with a long standing illness or disability (estimate)	% Catchment adults with access to a car/van (estimate)	Number of Libraries within a 10 minute drive	Number of Libraries within 20 minutes by public transport
Beddington	2,892	712	0	87	43,570	0%	23.3%	6.9%	83.7%	3	4
