

QUESTIONNAIRE

Sutton Council is consulting local residents and stakeholders on its draft **Cycling Delivery Strategy** and would like to hear your views.

Sutton Council has been a great supporter of sustainable transport over the years, publishing a new Sustainable Transport Strategy this year and achieving a 75% increase in cycling during its Smarter Travel Sutton project which ran from 2006 to 2009.

Sutton Council is also a supporter of the Mayor of London's Vision for Cycling and has recently been promised funds by Transport for London for two Quietway routes from Morden to Sutton and Worcester Park to Croydon.

Sutton's draft Cycling Delivery Strategy is in line with the Council's vision to encourage more non-car forms of transport to reduce traffic congestion, improve air quality and public health, and reduce climate change.

Please refer to the draft Strategy on www.sutton.gov.uk then let us know whether you support our proposals and whether you have any other ideas for improving cycling by completing this Questionnaire.

The Strategy provides a comprehensive statement of the council's vision, objectives and proposals for cycling, and an action plan setting out how these will be achieved over the next ten years.

3 If you are replying on behalf of an organisation, please tell us which one.....

4 **Do you support the Council's vision** to make cycling a natural choice for people of all ages and backgrounds for more of their trips in and through the borough?

Strongly support Support Unsure Oppose Strongly oppose

5 **Please prioritise the six Objectives that underpin the Cycling Strategy:**

(Please rank from 1 to 6 where 1 is the highest priority and 6 is the lowest)

Priority

Objective 1 Make Sutton a more attractive borough for cycling and create a high quality cycle network

Objective 2 Make Sutton a safer borough for cycling

Objective 3 Encourage a shift from the car to cycling for shorter journeys

Objective 4 Encourage safe and considerate behaviour by all road users

Objective 5 Create a cycling culture by promoting cycling to a wider range of people

Objective 6 Actively promote cycling within the Council's Sustainable Transport Strategy

6 How far do you support targets to increase the proportion of Sutton residents' trips by bicycle from 1% now to 2.2% by 2017 and 4% by 2025?

Strongly support		Support		Unsure	
Oppose		Strongly oppose			

7 How far do you support the measures being proposed under **Objective 1** to make Sutton a more attractive borough for cycling and create a high quality cycle network?
