

Beddington and Wallington Local Committee

Local Needs Assessment 2016

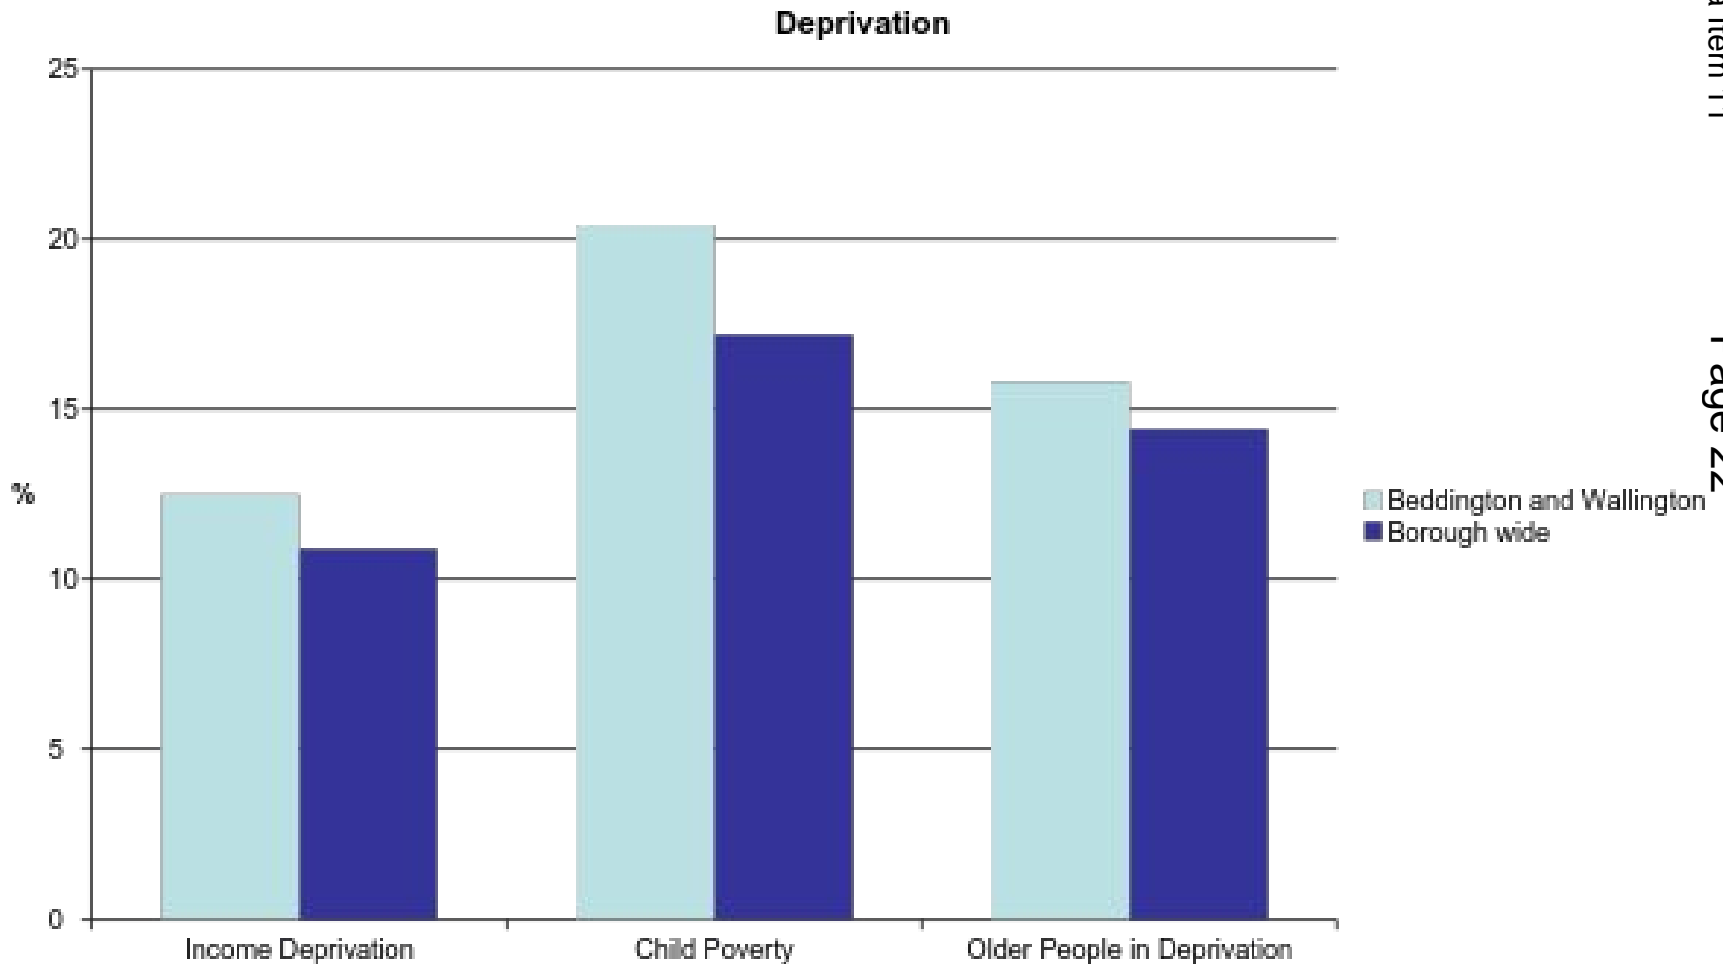

Objectives:

- To use data to identify specific priorities for consideration in the Beddington and Wallington area
- Offer recommendations to aid in choosing themes of meetings to obtain interest
- Encourage greater community engagement at public meetings and in delivering local solutions
- Build on past and current community achievements to assist future development

Recommended Priorities

- 1. Health and Wellbeing of residents**
- 2. Focus on the engagement with young people**
- 3. Address the issue of Environmental Anti-Social Behaviour (ASB)**

1. Health and Wellbeing of residents

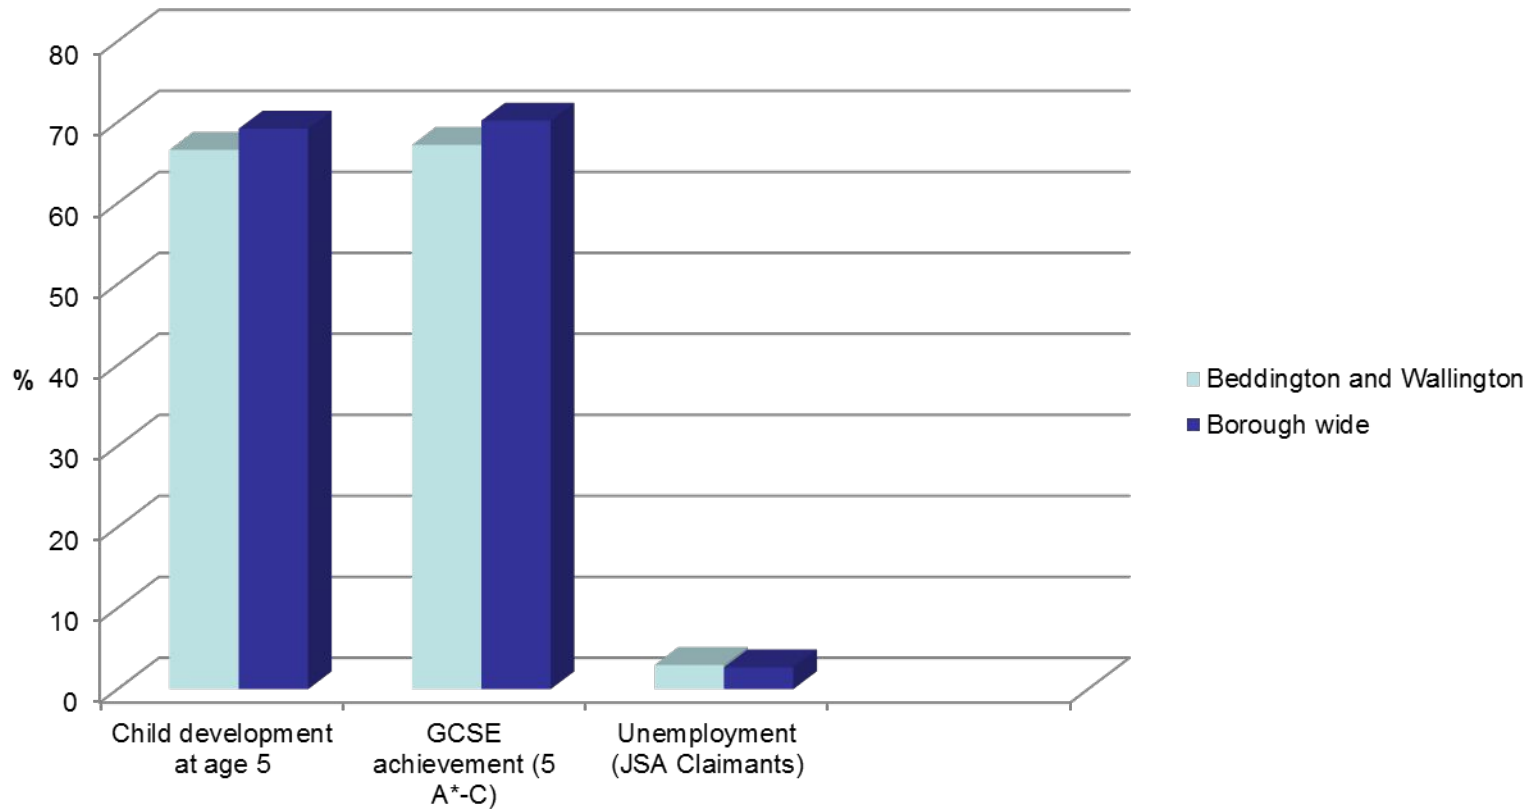

1. Health and Wellbeing of residents

- Higher than the borough average number of residents under 16
- Higher than the borough average number of residents aged between 25-64
- High portion claiming Disability Living Allowance (4.3% compared to borough average of 3.8%)
- Higher than England Average for Pensioners living alone 34.3% compared with 31.5%

2. Focus on the engagement with young people

Development, Education & Employment

2. Focus on the engagement with young people

Social Disorder created by groups of youths is a consistently reported nuisance amongst residents in the Community Intelligence Reports. Specific areas of focus include:

- Beddington South
 - Mollison Square- key location for groups of youths to gather partake in public drinking
- Wallington South
 - Stafford Road - co-existing crime/groups of youths are said to congregate along the main road and shops/social issues
 - Woodcote Road - loitering groups of youths
- Wallington North
 - Manor road - public drinking

3. Address the issue of Environmental Anti-Social Behaviour (ASB)

Why is this a priority?

- Borough wide satisfaction survey highlights decreased satisfaction with Street Cleaning and Parks
- Environmental disorder is the high ranking grievance recorded in the Community Intelligence Reports
- Huge influence on how residents perceive/ experience their safety
- Specific areas consistently flagged up as hotspots, with issues of littering, dog fouling and graffiti being highlighted
- Link clusters of licensed venues and environmental ASB

3. Address the issue of Environmental Anti-Social Behaviour (ASB)

Hotspots highlighted by the Community Intelligence Reports:

Beddington North

- Beddington Park-fly-tipping and damage associated with Travellers trying to enter the park

Beddington South

- Mollison Drive-Fly tipping, groups of youths, litter and public drinking/dog mess
- Roundshaw park- Fly tipping, groups of youths, litter and public drinking/dog mess
- Roundshaw Estate- Fly-tipping

Wallington North

- Butterhill-litter, dog mess, fly-tipping
