The Sutton Shareholdings Board is recommended to:

3. Background

- 3.1 Following the Council's decision in July 2014 to establish an Energy Services Company (ESCo), a detailed business model was prepared to demonstrate the commercial viability of the proposed company. The initial business plan was approved by the OSL Sub-Committee (now

the Sutton Shareholdings Board) on 4 August 2015, along with the Shareholder Agreement, enabling Sutton Decentralised Energy Network Limited to be established.

- 3.2 Since the approval of the 2016 Business Plan at OSL Sub-Committee (now the Sutton Shareholdings Board) progress has been made on both Phase 1 and Phase 2 of the network. Agreements have been signed with the heat supplier and homes are being built at the Felnex development (New Mill Quarter).

- 6.2 A detailed Financial Model for the Phase 1 Scheme was presented to the Housing, Economy and Business committee in March 2015. This demonstrated a positive cash flow of £1.54m from delivery of the scheme.
- 6.3 The Financial Model has been revised to take account of the latest information on likely costs and revenues. As a result of the revisions the model shows an improved net positive cash flow on core assumptions of £1.64m. A review of the revised model by KPMG has taken place and no material issues were raised.
