

Beddington and Wallington Local Committee
30 October 2018

Recommendation Tracker

The recommendation tracker allows Committee Members to monitor responses, actions and outcomes against their recommendations or requests for further action. The tracker is updated following each Committee. Once an action has been completed and reported to the Committee, it will be removed from the tracker.

Claire Smith, Locality Lead Officer, 0208 770 5937

Chair of the Committee

Councillor Joyce Melican

Date of Meeting	Item	Recommendation/Action	Responsible Officer or Member	Response / Outcome	Next Progress Check
17/07/18	7	A local resident queried a letter received from the Council which stated that Amberwood Close is a private road (which he advised was not the case). The resident asked that double yellow lines be added to the road as residents are unable to enter and leave.	Kevin Williams - Senior Professional Engineer	The Senior Professional Engineer has confirmed that Amberwood Close will be investigated as part of the Parking Strategy.	30/10/18
17/07/18	7	A local resident requested a more suitable location for the zebra crossing on Plough Lane be investigated.	Kevin Williams - Senior Professional Engineer	A site visit was undertaken and officers have informed the resident that the zebra crossing, although not in an ideal location, is the only place it can be situated to serve the area. However, officers will explore options to make the existing crossing point more conspicuous to road users.	30/10/18
