

## **National Funding Formula - Appendix C - update from Schools Forum meeting held 4 December 2018**

### **Background**

1. This appendix provides an update on the outcomes of the meeting held with the Schools Forum on 4 December 2018 in relation to the implementation of the National Funding Formula (NFF) for 2019/20.
2. Recommendations 2.2 and 2.3 in the main report are for the committee to note the outcomes of the Schools Forum meeting held on 4 December 2018 and to ratify the proposed local formula factors to be used for the 2019/20 financial year.

### **Outcome of Schools Forum meeting 4 December**

3. The following was agreed at Schools Forum:
  - That 'option 3' as set out in the consultation was the option that would be implemented for Sutton schools in 2019/20. Any increase in lump sum for schools is for one year only.
  - Schools Forum accepted the request from the Local Authority to transfer 0.5% from the schools block to the high needs block. The Local Authority will therefore confirm to the Department for Education that the disapplication request submitted by officers on 30 November 2018 should be withdrawn

### **Schools Funding Formula Factors for 2019/20**

4. Following agreement between the LA and Schools Forum on 4 December, the People Committee are asked to ratify the following formula factors which will be used to fund schools in the Borough in 2019/20 which are set out in the table below (with a comparison against the factors used in 2018/19).
5. As can be seen below, there are relatively few changes to the factors. This is because the Local Authority moved quickly towards the National Funding Formula in 2018/19 and therefore there are relatively few changes that could be made this year without moving away from the National Funding Formula. The only factor change is to prior attainment. Whilst the EAL unit factor hasn't changed the LA will move to 'EAL 3' from EAL 1 for primary and EAL 2 for secondary. What this means is that all schools will now receive funding for pupils who have English as an Additional Language based on 3 years data rather than 1 or 2 years data as was the case in 2018/19 for primary and secondary schools respectively.

6. It should be noted that the Local Authority will not receive the 2019/20 Dedicated Schools Grant allocation until the middle / end of December. Officers may need to adjust final allocations to schools based on an assessment of affordability once that allocation has been received. Final budgets for schools will be confirmed following the February Schools Forum meeting next year.
