

St Helier, Wrythe and Wandle Valley Committee

24 January 2019

Recommendation Tracker

The recommendations tracker allows Committee Members to monitor responses, actions and outcomes against their recommendations or requests for further action. The tracker is updated following each Committee. Once an action has been completed and reported to the Committee, it will be removed from the tracker.

Chair of the Committee:

Councillor Hanna Zuchowska

Date of Meeting	Item	Recommendation/Action	Responsible Officer or Member	Response / Outcome	Next Progress Check at Committee
12/07/2018	Item 10 - Public Realm	A local resident has asked that investigations take place regarding illegal parking outside Sainsbury's Local on Hackbridge Road, one suggestion was to install planters.	Hitesh Wadher Senior Professional Engineer (Highways)	<p>A meeting was held with the managing agents that represent the owners of the land outside Saxon House.</p> <p>The managing agent will be implementing private parking enforcement at this location. This should be in operation by the latest January 2019.</p> <p>The parking enforcement will be monitored for its effectiveness for 3 months, we are very hopeful this will stop the parking problems. However, if this is not the case, the managing agent has agreed to investigate physical measures if required.</p>	24/01/2019

Signed: Matt Clubb, Assistant Director Environment, Housing and Regeneration Directorate (Environment Commissioning)
