

# London Borough of Sutton Outcomes Based Commissioning Plan 2019/20

# Introduction

The Council continues to face unprecedented financial pressures as a result of grant reductions, new (underfunded) burdens from central government and increasing demand for services as a result of demographic pressures. There are a number of areas where there are growing risks to the Council's ability to meet its statutory obligations, including Homelessness, SEN provision, Homecare services and services for Looked After Children.

Between 2010/11 and 2018/19 the council has identified and delivered £83.5m of savings to date, with another £11.4m of savings planned over the next three years. The Council's previous approach of reviewing and re-commissioning on a service by service basis has delivered substantial savings while maintaining services, but it is time to refine our approach. The Council has adopted its new corporate plan 'Ambitious for Sutton' which sets out a clear vision for the kind of place we want Sutton to be. Our ambitious and exciting plans are underpinned by our shared values and will ensure that Sutton has a reputation as a great place to live, work and raise a family. Reviewing and re-commissioning services has already resulted in the council being able to meet the challenges that austerity has presented. In order to continue to be able to address the ongoing reduction in funding and associated budget gap, it is the time for a refined approach that is set out in this plan. This means looking at a number of service areas together, rather than on a directorate by directorate basis, under five new outcome-based themes.

<p>Being Active Citizens</p>	<p>“ All residents live healthy lifestyles and are enabled to be economically, socially and physically active</p>	
<p>Making Informed Choices</p>	<p>“ Individuals, families and communities are able to access a diverse range of information, advice and guidance to make informed choices and enable them to sustain change</p>	
<p>Living Well Independently</p>	<p>“ Building on individual and community resilience and assets to help people maintain their independence for as long as possible</p>	
<p>Keeping People Safe</p>	<p>“ A joined up approach by all public services to ensuring that vulnerable residents are supported and kept safe</p>	
<p>Smarter Ways of Working</p>	<p>“ Transforming our ways of working to manage reduced budgets and increasing demand</p>	

This Outcomes Based commissioning Plan sets out the activity that the Council will undertake during 19/20 to deliver these outcomes. The Plan continues to form an integral part of the Council's performance management framework and progress will be monitored through the quarterly Performance and Finance report which is presented to the Strategy and Resources Committee.

## Table of Outcomes, Commissioning Activities and Measures of Success

	Lead Outcome	Priority area	Key Commissioning Activity (as in Corporate Plan)	Current stage(s) in the Commissioning Cycle	Measure of Success	Quarter to be completed	Responsible Assistant Director
1	Being Active Citizens	The physical environment is maintained and improved for all residents	<i>Area improvement and renewal schemes, co-designed with residents and businesses delivered in key priority areas across the borough:</i>	Plan	Localised plan / programme of activity compiled and agreed	Q1 - Q4	Assistant Director of Economic Development
