

APPENDIX B

INTERNAL AUDIT CHARTER and STRATEGY 2020-21

This Charter and Strategy sets out the purpose, authority and responsibility of the Council's Internal Audit function, in accordance with the UK Public Sector Internal Audit Standards. It also sets out how the South West London Audit Partnership (SWLAP) will be developed and delivered in accordance with these standards.

The Charter and Strategy will be reviewed annually and presented to the Audit Committee¹ for approval.

PURPOSE

Internal Audit is defined by the Institute of Internal Auditors' International Professional Practices Framework as "an independent, objective assurance and consulting activity designed to add value and improve an organisation's operations. It helps an organisation accomplish its objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control and governance processes".

In a local authority, internal audit provides independent and objective assurance to the organisation, its members, the senior management board (Directors Board in Wandsworth and Richmond's Shared Staffing Arrangement (SSA), Strategic Leadership Team at Kingston, Corporate Management Teams at Merton and Sutton), and in particular the Directors of Finance to help them discharge their responsibilities under s151 of the Local Government Act 1972, relating to the proper administration of the Council's financial affairs. For AfC, internal audit provides assurance to its Strategic Leadership Team and Audit Committee.

In addition, the Accounts and Audit Regulations 2015, Regulation 5 (1), requires that:

"A relevant body must undertake an effective internal audit to evaluate the effectiveness of its risk management, control and governance processes taking into account public sector Internal audit standards and guidance". Internal Audit proper practices is defined as compliance with the Public Sector Internal Audit Standards and the CIPFA application note.

¹ References to 'Audit Committee' throughout the Charter and Strategy document includes Standards/General Purposes Committee at LB Merton, the Audit, Governance and Standards Committee at RB Kingston and Audit and Governance Committees at, LB Sutton and Audit Committee at LB Richmond and AfC.

Within an organisation, there are 3 lines of defence in place to effect controls. The first line of defence is the day to day operational controls, the second is the management controls (budget & performance monitoring, trend analysis) and the third is independent inspection, both internal & external.

Internal audit forms part of the third line of defence and provides assurance on the effectiveness of governance arrangements, risk management and internal controls, and this includes an assessment of the effectiveness of the first two lines of defence. Internal audit can place reliance on assurances provided by third parties, although depending on the source, this may require some independent validation.

MISSION

The Mission of the SWLAP is to enhance and protect organisational value by providing risk-based and objective assurance, advice and insight across the 5 Borough partnership.

AUTHORITY and ACCESS TO RECORDS

In carrying out their duties and responsibilities, Internal Audit shall be entitled to have full and unrestricted access to all of the Council's activities, records, assets, cash, stores, property, personnel and information (both manual or computerised) which they consider to be necessary to properly fulfil its function. Internal audit may enter Council property and has unrestricted access to all locations and officers where necessary on demand and without prior notice. All records, documentation and information accessed in the course of undertaking internal audit activities shall be used solely for that purpose. All internal audit staff are responsible and accountable for maintaining the confidentiality of the information they receive in the course of their work. Any information shared will be shared in accordance with the Shared Service Data Sharing Protocol.

The Head of Internal Audit ² is required to provide the Council, via the Director of Finance and the Audit Committee, with an annual opinion on the adequacy and effectiveness of the internal control system for the whole council. To achieve this, the internal audit function has the following objectives:

Where services are provided to bodies separate from the Council, this will be subject to approval by the Shared Service Board and will be provided under the terms of a Service Level Agreement (SLA).

Internal audit may also provide assurance to the Council on third party operations where this is provided for as part of the agreement or contract.

In some instances, internal audit may rely on assurances provided by other providers of assurance but this will be dependent on the level of associated risk and some degree of independent verification may be required.

Internal Audit will however offer advice on the design of new internal controls in accordance with best practice. Where Internal Audit do provide consultancy services, any audit staff involved in this consulting activity will not be involved in the audit of that area for at least 12 months.

Bi-monthly reports on corporate fraud work undertaken by the SWLFP will be provided to the Head of Internal Audit and 6 monthly reports made to Audit Committee (Standards/General Purposes committee).

Audit Planning

The Head of Audit has responsibility for preparing a balanced internal audit plan, ensuring audit maintains its independence, ensuring independence and sufficient coverage to support the annual opinion.

Each year, an audit plan will be discussed and agreed by the respective Directors, Senior Leadership Teams and Audit Committees which will be based on the following:

- Discussions with the Council's Departmental Management teams (DMT).
- Discussions with Council's Corporate Management teams (CMT) if required
- Discussions with the Shared Service Board.
- Review of Corporate and Service Risk Registers
- Outputs from other assurance providers
- Outputs from previous audit or fraud assignments
- Requirements as agreed with External Audit

The Head of Internal Audit will ensure attendance at all DMT meetings as part of the annual planning process to ensure that management views and suggestions are taken into account when producing the audit plan.

The Internal Audit Plans are based on the following:

- **Risk Based Systems Audit:** Audits of systems, processes or tasks where the internal controls are identified, evaluated and confirmed through a risk assessment process. The internal controls depending on the risk assessment are tested to confirm that they are operating correctly. The selection of work in this category is driven by Corporate Risk Registers, Departments' own risk processes and will increasingly include work in areas where the Council services are delivered in partnership with other organisations.
- **Key Financial Systems:** Audits of the Council's key financial systems
- **Probity Audit (schools and other establishments):** Audit of a discrete unit. Compliance with legislation, regulation, policies, procedures or best practice is confirmed. For schools this includes assessment against the Schools Financial Value Standard.
- **Computer Audit:** The review of ICT infrastructure and associated systems, software and hardware.
- **Contract Audit:** Audits of the procedures and processes for the letting and monitoring of contracts, including reviews of completed and current contracts.
- **Special Projects/Value for Money:** Specific areas of Council business which may be subject to change through the development and implementation of new systems, or delivery models, where poor value for money or failing service standards have been identified or where there are new or significant risks will be targeted for review as part of

the audit planning process. Value for money work is generally incorporated within the main functional areas of audit activity.

- **Risk Management support:** Risk management support is provided to some of the partners to facilitate the review and implementation of risk management strategies and to take the lead in compiling the Annual Governance Statement. Where this function is provided by the SWLAP, an independent review is undertaken by the Internal Audit contractor under the Croydon Framework contract to ensure independence.
- **Provision of advice and support:** Increasingly Internal Audit are involved in providing advice and support on an adhoc basis. This may involve the provision of general advice on risks and controls or more detailed work with specific business areas where there are significant changes to systems and processes or decisions which require independent due diligence.
- **Fraud, Corruption and Financial Irregularities:** The SWLFP will investigate fraud and irregularity arising during the year and may work alongside officers from the SLWAP on cases particularly where there are significant control issues requiring audit and fraud input. The audit plan will also include a programme of proactive fraud checks.
- **Follow up work:** Follow up work on outstanding audit recommendations will be regularly undertaken. Progress will be reported to Audit Committee and where progress is unsatisfactory or management fail to provide a satisfactory response to follow up requests this will be reported to the relevant Assistant Director, Director or Audit Committee where required.

Policies and Procedures

All audit work will be undertaken in accordance with Council regulations and professional standards. There is an Internal Audit Protocol which sets out the audit process for staff to adhere to, including quality control procedures.

Quality Assurance and Improvement Programme

The Head of the South West London Audit Partnership continuously reviews the quality and effectiveness of all aspects of the Internal Audit service. This includes:

- Establishing procedures that comply with the Public Sector Internal Audit Standards
- Maintaining a professional audit team with sufficient knowledge, skills and experience to carry out the Audit Plan. This includes undertaking appraisals and ensuring that training needs are identified and addressed
- Undertaking, reviewing and acting on client satisfaction surveys and feedback

- Reviewing audit methodology and benchmarking against best practice.

In line with the Public Sector Internal Audit Standards, Internal Audit has a quality and improvement programme in place. The results of the quality assurance programme and progress against any improvement plans will be reported in the Annual reports to each Borough's Audit Committees.
