Summary	
<p>Coulsdon Athletic Youth Football Club has applied for neighbourhood grant funding of £1,000 to go towards the Development of the Pavilion at Corrigan Ave and sports equipment.</p>	
Decision Clauses	
<p>1. £1,000 of neighbourhood grant funding has been awarded to Coulsdon Athletic Youth Football Club to go towards the Development of the Pavilion at Corrigan Ave and sports equipment.</p>	
Reasons for Decision	
<p>Coulsdon Athletic Youth Football Club is a growing football club which provides the community with sport activities, regardless of ability, age or gender. They see football as a means to mental wellbeing as well as providing people with positive social interactions. Corrigan Ave Pavilion is necessary to them and they are planning to refurbish the small kitchen and to paint all areas including changing rooms, toilets and communal space. They are also going to buy new training equipment. £1000 investment will make the club more efficient in attracting new players and promoting active lifestyle. The application meets the criteria and there is sufficient funding available in the neighbourhood grant budget to facilitate this request.</p>	
Alternative options considered	
<p>Not to provide funding to Coulsdon Athletic Youth Football Club. Rejected because the funding would assist organisers in holding their activities safely.</p>
